ALUMNI MEETING.—The Society of Old Students of St. John's Academy met last night, as usual, to receive the new graduates into membership. Norman F. Moore, one of the Vice Presidents, in the chair. Messrs. B. C. White, of Jackson, Miss., and Hubert Snowden, of this city, former students, were duly elected to membership. Messrs. R. L. Carne, S. C. Neale, J. R. Edelen, T. H. Ficklin and G. Brown were then appointed a committee to nominate officers, and the following were, on their nomination, elected, viz:

Norman F. Moore, of Georgetown College, President; Norval E. Ford, of Maryland; Theodore H. Ficklin, A. M., of Virginia; Dallas Johnson, M. D., of the District of Columbia; Singleton Ridgely, of Tennessee; Martin Wm. Wigg, of South Carolina; Hugh H. Dean, of Georgia; John R. Zimmerman, of Pennsylvania; John Harper, of Mississippi; Rudolph Johnson, of Texas; Timothy J. O'Sullivan, of New York, Vice Presidents; Henry J. Nevett, Recording Secretary; Ernest J. Simpson, Corresponding Secretary; Lycurgus E. Uhler, Treasurer.

Calls were then made for reminiscences, whereupon Richard L. Carne gave an interesting description of the school, and was followed by B. C. White and John R. Edelen, who related many interesting incidents of the times before the war. The class of '65 was not represented; that of '66 responded through Henry J. Nevett; that of '67 through Ernest J. Simpson and Donald McLean, who gave laughable descriptions of a certain initiation which will long live in the memories of the boys of that year; '68 replied through John T. Nugent, '69 through Frank S. Harper, Frank G. Addison and William R. Bushby; '70 through Richard J. Collins, and '71 through Arthur Gregory, Samuel E. Lindsey, Glenn Brown and Robinson Lindsey.

Towards eleven o'clock, the society adjourned, after one of the most delightful of its many pleasant reunions.

CLOSING EXERCISES AT THE THEOLOGICAL SEMINARY.—The closing exercises at the Theological Seminary took place last week, beginning on Tuesday and ending on Friday. The annual sermon before the alumni was preached by Dr. Norton, of this city, and is very highly spoken of as a practical, eloquent and learned discourse. The missionary sermon was preached by Dr. Hanckle, and was an able and interesting production. On Thursday, the essays were read in the following order:

Samuel McKelvie, Thought and Meditation. R. N. Meade, The Faith once delivered to the Saints. J. G. Minnigerode, The Mysteries of Religion. C. B. Mee, Faithfulness of the Ministry. J. J. Norwood, The Means of Grace. T. Tidball, The Relation of Jewish Sacrifices to the Doctrine of the Atonement. Jeremiah Ward, The Provision made by our Church for Life in all Phases.

Dr. Packard delivered an address upon the history of the Seminary, which, it is needless to say, was listened to with great interest. The following Deacons were ordained on Friday, and admitted to Priests' orders: A. Buchanan, P. N. Meade and A. W. Weddle. The ordination sermon was preached by Rev. C. Minnigerode. The following were admitted to Deacon's orders: Messrs. J. G. Minnigerode, C. B. Mee, J. J. Norwood, T. A. Tidball, Jeremiah Ward and A. S. Berkeley.

The health of Bishop Johns was such as to prevent his taking part, and the ordination ceremonies were performed by Bishop Whittle. Bishop J. has recovered and though still feeble and needing rest, he is improving and daily gaining strength.

THE CUSTOM HOUSE.—The Custom House building is now undergoing thorough repairs and will be refitted. The office of the Collector of the Internal Revenue, on the third floor, has been included in the general repairs, as also the U. S. District Court Room on the same floor. This room will be refurnished in handsome style, and be ready for the July term of the U. S. Circuit Court, which will commence on Monday next, but which, it is understood, will be of short duration, adjourning over until September. The second floor, upon which are the rooms of the Customs officers, has been considerably improved in appearance. The postoffice, on the first floor, will be repainted, and it is said the frescoes on the ceiling are being obliterated. The work is being done under the supervision of Mr. Borland.

THE HEALTH OF ALEXANDRIA, this season, so far, has been in general, excellent. We do not believe there is a more healthy city on the Atlantic coast. We are, indeed, blessed in many particulars. No means in our power to continue the preservation of the public health should be neglected. The authorities will do all in their power, and they should be encouraged and assisted by all our citizens. A daily inspection of the alleys, gutters, and back yards, in every street, should be made, all nuisances removed, and washing, cleaning, and the free use of lime resorted to, constantly.

THE LATE STORM.—A fine mare and colt belonging to Mr. Richard Knott, who lives near Piscataway, were killed by the hail during the storm of Saturday evening last, and during the same storm the lightning struck and damaged the house of a Mr. Callan, near Fort Washington, and stunned some ladies who were there at the time. The storm is reported to have been an unusually severe one, and to have seriously injured houses, woods, fencing and crops in Prince George's county.

BEAUTIFUL ICE.—Messrs. M. Eldridge & Co., commission merchants and agents for the Philadelphia, Boston and Norfolk steamers, sent to the Gazette office this morning a block of Boston ice, a cargo of which they have just received, two feet thick, and so clear and transparent that no difficulty was experienced in reading their card through it. Their wagon distribute ice throughout the city.

He was down on business, but attended, by invitation, the closing exercises at the colored school on north Alfred street, where, upon solicitation, he made a few pertinent and well-timed remarks, which were listened to with strict attention, and gave great satisfaction.

The Sunday School attached to the Methodist Protestant Church of this city, will go on an excursion to Glymont next Thursday. The favorite steamer Express has been chartered for the occasion, and a delightful time is anticipated. At the request of those in charge of the affair it is stated that no dancing will be allowed. The boat will leave here at 8 1/2 a. m. on the day trip and at 8 1/2 p. m. for the moonlight excursion.

STRANGE AFFAIR.—The curious behavior of a man about thirty years old and a girl about fifteen, who came to a boarding house in the western part of this city a day or two ago, is attracting considerable attention in that neighborhood. It is supposed that they are the same couple who were arrested in Washington last Friday on account of the strange manner in which they were acting, and who, in consequence of their perversion, were made to marry before they were released. If they are the same, the man's name is J. J. Austin, and the girl's, Mississippi Burke, and they are from Peddle's Mills, Virginia. It was supposed this morning that the man was trying to run away from the girl who, dressed as a child, was walking up and down the pavement crying and begging to be taken to her home.

HURT.—A young man named Charles Wrenn, employed in the building of the new Sarcophagus Hall, was struck on the head by a falling brick there yesterday and badly hurt.

JOEL MILLER, ESQ. has become editor of the Standard and Sentinel, and will enter upon his duties at once. Mr. M. is a good writer and an estimable gentleman.

THE FOLLOWING WILL BE READ WITH INTEREST: Under date of April 23d, 1871, Dr. HENRY J. ROGERS, 68 Sharp street, Baltimore, an eminent physician, writes regarding

CRYSTAL DISCOVERY. "It affords me much pleasure to bear testimony as to the efficacy of your Crystal Discovery. Some years since, while in India, I suffered from a severe fever peculiar to the country. On my recovering, a patch of hair on the left side of my head became perfectly white, without at all affecting the remainder. To remove this unsightly appearance, I had recourse to various preparations, both in Europe and in this country; but they all had one great defect—they dyed the hair black. Now, with your Crystal Discovery, I can get the desired shade—the natural color of my hair being dark brown. I consider your Discovery the best preparation I know of."

Yours truly, HENRY J. ROGERS.

Now as the fact becomes more patent every day that the various dirty and filthy preparations advertised as Renewers, Restoratives, &c., are but compounds of Sugar of Lead and Sulphur, and therefore should be shunned by all who value their health, it is really a matter of surprise that the demand for NATTANS' CRYSTAL DISCOVERY, admitted to be perfectly harmless, and yet accomplish all, and more, than the poisonous articles claim to do, should have increased so rapidly. It restores the color and growth of the hair positively in a few days; strengthens the roots, makes an excellent dressing, softening neither clothes nor scalp; but on the contrary it gives the scalp a pure and cleanly look, removing all dandruff and scurf. It is the most economical preparation in use. Put up in large bottles, at one dollar.
